

# Weekly Report

Riku Gondow

November 29, 2022

## 1 Progress

- I'm working on implementing Openmax
  - I got stuck on installing the necessary library, but Xing-San helped me and the problem was solved.
- I checked Keio Hospital's noisy dataset shared by Kai-San

## 2 Next Plan

- Consider noise reduction method for noisy dataset
  - Ask Kitagawa-San about preprocessing method
- Continue to implement Openmax
